Applicant :	Gregory John Billington et al.	Art Unit :	3653
Serial No. :	10/849,510	Examiner :	Mark J. Beauchaine
Filed :	May 19, 2004	Conf. No. :	6776
Title :	MONEY HANDLING MECHANISM WITH PERIPHERAL PORT		

**MAIL STOP AMENDMENT**

Commissioner for Patents  
P.O. Box 1450

**SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT**

Applicants request consideration of the references listed on the attached PTO-1449 form. Copies of the listed references are enclosed.

In view of the following facts, Applicant submits that **no fee should be required**. However, please apply any charges or credits to Deposit Account No. 06-1050.

In an Office action dated February 5, 2007, the Examiner noted that copies of the following two documents were enclosed with a previous Information Disclosure Statement, but were not listed on the form 1449:

- (1) NRI Changer Series G-26.4000 Appendix" (10 pages), and
- (2) NRI New Changer Series G-26.4000/6" (15 pages).

Applicant subsequently submitted a form 1449 listing those items of information. The Supplemental Information Disclosure Statement submitted at that time explained that:

As the Office action states that the items have been placed in the file of record, applicant is not submitting additional copies. However, applicant requests that the Examiner let the undersigned attorney know if additional copies are needed.

The Office action dated July 18, 2007 then stated as follows:

The information disclosure statement filed 5 June 2007 has been received. However, the Examiner has been unable to clearly identify documents in the file of record or the parent case based on the document description of the submitted form PTO-1449. Since 37 C.F.R. 1.98(a)(2) requires a legible copy of each cited non-patent literature publication or that portion which caused it to be submitted,

the Examiner requests that a copy of items AQ and AR of said IDS be  
submitted. . . .

Copies of items, previously listed as AQ and AR, are again submitted for the Examiner's  
consideration, together with a new copy of form 1449 listing those references. Applicant notes  
that copies of those items are available in the USPTO PAIR system for this application (*see* entry  
of 12-20-2004, "Prior Art" NPL doc, starting at pages 73 and 83 of the 100-page document).

Respectfully submitted,

Date: 12/18/07
